

MINNESOTA MINING & MFG. CO. TO START PRODUCTION IN LIMITED WAY AT PLANT HERE ON MONDAY

Industrial Adhesives and Coatings Are To Go Into Production First — Other Lines To Be Started About May 1st — Expect to Ultimately Employ About 350 People.

(Special to Courier)
ST. PAUL, Minn., Mar. 5 — Production at the former Kaiser-Fleetwing plant at Bristol, Pa., known during World War II, as Plant No. 2, will be gotten underway on Monday in a limited way, the Minnesota Mining & Manufacturing Co., announced here today.

The 3M Company, whose headquarters are here, purchased the plant last summer from the War Assets Administration and has been making extensive alterations since that time.

Manager of the unit is Robert N. Wolfe.

C. B. Sampair, the firm's vice-president in charge of production, indicated that there will be 35 or 40 persons employed at first in the production of industrial adhesives and coatings. "In the beginning," he said, "the office will be staffed by about 10 persons."

Sampair's announcement said that other lines, including some adhesive tapes, will go into production about May 1, and that ultimately the plant will employ 350 persons.

"Except for some administrative personnel whose experience is necessary in this operation," he emphasized, "all our employees will be picked from the Bristol area."

Approve Transfer of Water Co. To Authority

MORRISVILLE, Mar. 5 — An ordinance authorizing the Borough of Morrisville to transfer all water works property to the Morrisville Municipal Authority was passed at a special meeting of Borough Council Wednesday night. The transfer will take place when approval is made by the Public Utility Commission.

A second ordinance was passed calling for the borough to lease the water system from the municipal authority. The plant will be constructed and owned by the authority until paid for, then returned to the borough.

Willard S. Curtin, borough solicitor, presented the terms of the deed and also a proposed lease, which will be signed at a later date.

February**

SOME MARRIED BEFORE

DOYLESTOWN, Mar. 5 — Out of a total of 88 marriage licenses granted in Bucks County during the month of February 21 of the candidates came from Bristol.

Philadelphia came first, with 38 middle-aiders; Harbors sent 8; Perkaskie and Sellersville each 5; Morrisville and Lansdale each 4; Willow Grove and Neshaminy each 3; Newtown, Reigelsville, Bethlehem, Warrington, Croydon, Silverdale, Treviso, Telford and Souderstown each 2 and Hilltown, Churchville, Northampton, Tullytown, Prospectville, Stroudsburg, Earlington, Kintnersville, Abington, Copersburg, Manorville, Ford City and Erwinna each one.

There was little representation from other states last month. Twenty-seven New Jerseyites made application and distance honors went to one groom from Colorado and another from Washington, D. C.

Of 19 divorced men and five widowers, who made application, every one was remarrying within five years. Four of the grass widowers had just received their divorce papers in 1949, 9 had been divorced in 1948; one in '47; 4 in '46 and one in '44. Only eight women had gone through the divorce courts. One each in '49, '46, '45, '43 and '40 and 3 in '47.

Five men had previous marriages ties severed by death, one man having lost 2 wives, one in '36, the other in '47.

There were 22 women and 5 men in the underage group, which included 5 couples, one groom being a year younger than his bride. Three men of 19 and 2 of 20 required parental consent.

The youngest bride was 16 years of age; 4 were 17; 6 were 18; 5 were 19 and 6 were 20.

Of all the love-bugs, only four all grooms had been born in other countries, two in Scotland, one in Hungary and one in London, England.

A meeting was held at the Davisville school house on March 31, 1849, when the name Independent Baptist Church of Southampton was adopted. A preamble, covenant and articles of faith were signed by 33 charter members.

Another meeting was held on April 7, 1849, when Alfred Earle was engaged to preach three months. Steps were taken at that meeting to purchase a lot on which to build a meeting house. The lot, midway between Davisville and Southampton, contained an acre and a half, and was purchased from Jesse L. Booz for \$300.

Plans were made for the construction of a meeting house at a cost of \$1500, and upon its completion, the first service was held on January 1, 1850.

THREE PERFORMANCES

Over the week-end, the "Stars of Tomorrow," P. S. O., entertained at Club No. 7 and Club No. 3, at Fort Dix, N. J.; and Maggie Baird Chapter, No. 31, Eastern Star, at McCallister's, Philadelphia. Fourteen participated.

AUXILIARY MEETING

EDGELY, Mar. 5 — A meeting of Ladies Auxiliary was held in Headley Manor Fire Co. station Tuesday evening. Mrs. Ralph Lincke presiding. Refreshments of coffee and doughnuts were served.

ARMING OUR ENEMIES?

Public apathy to our national problems is so great it is likely few Americans are aware that this week Uncle Sam has been putting the final touches on a scheme to give away several billion dollars worth of arms originally made for the protection of this country.

What is more, virtually every piece of these munitions, manufactured at the expense of the American taxpayers, is to be handed over to a potential enemy of this country.

President Truman is shortly expected to ask Congress for a token appropriation of \$1,000,000,000 for this purpose and for — what is much more important — permission to give away all arms which he and his subordinates decide are "surplus."

These weapons, virtually all of which were made during and since the recent war, are to be turned over to various Western European nations. The theory is that they will have them on tap in case Russia makes a sudden drive to take over in Europe.

But the fact is that every one of these European nations is now under a form of government incompatible with our own, and married to a form of economy which cannot and will not ever live in harmony in the world with the free economy which has been America's pride.

Why mince words. There has been a lot of talk about "democracy" in Western Europe. There is no democracy there; not democracy in the sense President Wilson used the word meaning that the people themselves have power to control their governments.

The only democracy in Western Europe is the same sort that Russia has — perhaps a bit milder, at this stage; but carved right out of the same Communistic hunk of cheese. In Russia it is known as "economic," or "dynamic," or "collective" democracy. But it isn't democracy at all, and it isn't freedom. It's a creeping form of slavery, headed for serfdom under dictatorship.

Except as they have been able to pay their way outside their own economies, all State Socialistic governments would have fallen long ago. Those in Western Europe are surviving today only because a sympathetic administration in Washington has persuaded the American people to permit the handing over of billions of dollars urgently needed for our own welfare to keep these foreign despots in power.

In the showdown, they are on the other side of the fence from freedom, popular sovereignty, free enterprise, and everything else that the United States flag stands for.

We have built up a cluster of potentially hostile foreign powers, and now it is proposed that we arm them.

This is the second time in ten years that the question has come up of our own government siphoning off war materials to potentially hostile foreign countries.

Ten years ago the question of scrap iron to Japan, and gasoline and other war essentials to Germany, was a big issue. Our government persisted that it was all right for these to be sent; it discontinued the practice only after the damage had been done — and then merely because of rising public protest.

The gasoline and other materials sent to Germany helped build the war machine which cost so many American lives to destroy. And many an American boy died in the Pacific with the war equipment the Japs fabricated out of the scrap iron they obtained from this nation.

Are we to go through all this again?

Convict 13 Hungarians of Aiding Mindszent

Budapest — A "Workers Court" convicted 13 Hungarians today of acting as aids to imprisoned Josef Cardinal Mindszentz and sentenced them to prison terms ranging from 18 months to six years. In addition, the defendants, accused of illegal foreign currency deals, were deprived of their political and other rights for three to five years. The court also imposed fines of 1,000 to 50,000 forins on seven of the defendants. Verdicts for two other defendants were delayed because of their illness.

Claim Stalin Tightening Foreign Affairs Grip, With Molotov As Advisor

London — Authoritative British sources said today that Premier Stalin probably is tightening his grip on Soviet foreign affairs with V. M. Molotov as his close advisor. The sources said they believed the "re-lease" of Molotov (Russia's No. 2 man) from his duties as Foreign Minister and his replacement by Andrei Vishinsky does not mean any immediate change in Soviet foreign policy.

Molotov will continue as Stalin's right hand man and foreign affairs advisor at a time when the cold war has reached a delicate stage. He will assist in guiding the nation on all matters pertaining to foreign policy.

Hold Girl and Russian Diplomat

Washington — A girl employee of the Justice Department and a Russian diplomat are being held in New York today after a dramatic arrest in which stolen secret documents were found in the girl's purse. Attorney General Clark said the secret material recovered when the two were seized by FBI agents in midtown Manhattan consisted of typewritten summaries of Justice Department documents involving national security. Clark identified the pair, who are being held on charges of conspiracy to remove secret information from government files, as Miss Judith Coplan, 27, an employee of the Justice Department's Criminal Division in Washington, and Valentine A. Gubitchev, 32, a member of the Russian delegation to the United Nations.

Dairy Farms Inspection Will Soon Be Started

There were 11 cases of chickenpox reported in Bristol, last month, by physicians, according to the records of the Bristol health officer, William A. Groff.

Other cases reported included one of bronchial pneumonia and 27 cases of measles.

Three nuisances reported were investigated and ordered abated.

The health officer will shortly begin the annual inspection of the places of dairy farms which supply milk to be distributed in Bristol. Following the inspection, if conditions are found to be entirely satisfactory, the distributors will be given licenses.

SPEAKS OF "YOUTH'S WORLD IN THE 1950'S"

**Telford Epply, Executive
Sec'y, YMCA, Appears
Before Travel Club**

THREE NEW MEMBERS

With youth conservation given emphasis at the bi-weekly meeting of the Travel Club yesterday afternoon, the women affiliated heard a talk on "Youth's World in the 1950's" by Telford Epply, executive secretary of the YMCA; information regarding Bristol Teachers Association as given by the president of that group, John Burris; and listened to a program of music presented by a group of pupils of Bristol high school.

Mrs. James E. Harvison, chairman of youth conservation committee of the club, and Mrs. Frank S. Weik, education committee chairman, presented the guests to the group gathered after a brief business session conducted by club president, Mrs. David Sheerer, Jr.

Mr. Epply transmitted to the members some of the predictions made by Dr. Goodwin Watson in his book "Youth After Conflict," published in 1947, and predicting living conditions, changes in travel, education, etc., for the 1950's. After mentioning that the new YMCA on Mansion street is expected to open on April 3rd, Mr. Epply went into a brief review of many of Dr. Watson's predictions, later hazarding a guess as to how some might affect youth of the nation within the next few years.

Among the predictions made by Dr. Watson after correlating material from a cross section of educators, industrialists, scientists, psychologists, and others, were: Advance of science at rapid rate; tremendous advance in world of plastics, and in gadgets for the home, great strides in transportation speeds, particularly in the air ("with no place on the earth being more than 60 hours from your home airport"); great changes in social life due to the radio and television, etc. In connection with the latter Mr. Epply stated he is anxious to see what changes television will mean for young people, and "just where television will go" into the theatres and other public places.

"The Y has recognized the changes already being brought about, and consequently almost every 'Y' has a television set. It is true that young people would rather watch a program in company with others of their own age, oftentimes preferring that to watching similar programs in their own homes."

The trend in decentralization of cities had a pronounced prediction in the book which he quoted, with families moving into the suburban areas to a greater degree than ever. "I notice here" commented Mr. Epply, "that most of the building in this area is going on, on the outskirts of town." More leisure time was predicted, and this coupled with more plentiful supply of money on the part of young people, resulting in greater dissipation. "You don't see the young people sitting down with a good book today. Reading is practically abandoned except in school" commented the speaker.

Other predictions were along educational lines (with possibly class-ess extending over a 12 months period), greater degree of travel, smaller church attendance, etc. "So it's a different world we're living in. It is challenging to think what is ahead of us. But if you're living with young people they will lead you an interesting and challenging life" he concluded.

Mrs. Elwood Goshin reminded members that furniture will be needed for the new YMCA, should

MISSIONARIES ARE TO BE HEARD IN BRISTOL

They Are Rev. F. C. Symonds, Rev. H. E. Peters, and Rev. E. W. Graefe

WEEK - DAY MEETINGS

Three men, active in mission fields overseas and at home, will be in Bristol on the morning to speak to local congregations. These guests will appear in Bristol Presbyterian Church, First Baptist Church and Zion Lutheran Church. The pastors here announce these speakers and hours of service:

Bristol Presbyterian Church
The Rev. Edward G. Yeomans, minister: 9:30 a. m., quiet hour; 9:45 a. m., Church School, Fred R. Herman, general superintendent; 11, morning worship, with sermon by the pastor, "The Requisites of God."

A nursery is conducted during morning service; 6:20 p. m. Junior Christian Endeavor; seven p. m. Senior Christian Endeavor; eight evening worship, with sermon by the Rev. F. Campbell Symonds, D. O. The Rev. Mr. Symonds is secretary for the Unit of Special Gifts, Board of National Missions, Presbyterian Church. His responsibilities take him to many parts of the United States, not only in making and maintaining contacts with persons interested in the support of national missions, but as a speaker widely sought because of his range of experience in church and mission work. A graduate of Union University, Jackson, Tenn., and of Union Seminary, Richmond, Va., he has traveled in Europe, Africa, and the Near East. Always deeply interested in missions, he has generously made possible the erection of church buildings in China and in Brazil. For eight years he was director of the Leslie County Large parish, that included eight churches and preaching stations with a staff of ten workers carrying on community welfare work, and many branches of public service. During the current year, when the Presbyterian Church is working to raise its \$27,900,000 Restoration Fund, Dr. Symonds is giving his time to present the fund in different churches and organizations.

SELL-PERK EVENS SERIES WITH 26-20 WIN OVER BRISTOL

SELLERSVILLE, Mar. 5 — Sellersville-Perkasie Junior High evened the series with the Bristol Junior High five last night on the former's floor. The up-county boys beat the Bristol lads, 26-20, in the second game of the series for the Bucks County Junior High School championship. No arrangements have been made for a third game.

Bristol was off in its shooting last night. The Watson-coached lads managed to tie the Sellersville at the quarter-mark but were trailing by six points at half-time, 14-8. At the end of the third session, Sellersville was still out in front, 19-14. Hendricks and Parker paved the way for the Sellersville-Perkasie victory with 21 and 9 points, respectively. Accardi, Lucenti and Wren had five points each for the losers. Bristol was off in foul shooting, making but 6 in 18 tries. The winners scored ten times from the foul mark in the same number of tries.

The Bristol Junior High jumped to a 3-9 lead at the start on a field goal by Accardi after Wren sank a foul. Sellersville came back and deadlocked the score on a fielder by Hendricks and foul by High. Gallagher's free shot put Bristol ahead, 4-3, but at the whistle, Hendricks made a foul to knot the count at 4-4.

Wren's free shot was good and Bristol stepped into the lead, but Hendricks retaliated with a twin-pointer and followed with a hook shot to make it 8-5. Accardi's foul trimmed the lead a point but Parker had a fielder and foul to make the score 11-6. Stevens' nice goal cut the lead to 11-8, but before the half ended, Parker and Hendricks shook the mesh for fielders to make the score 14-8.

Lucenti started the third quarter with a foul but Traver got it back for Sellersville. Parker and High converted foul shots to make the board read 17-9. Stevens scored for Bristol from the field and Wren added a foul. Hendricks and Wren

Board Cites Increased Unemployment, Subsequent Tax Collection Difficulty

AWARD CONTRACTS

**Report Made Four Schools
in Township Using Subsidized Milk Program**

A letter was presented to Bristol township school board at its March meeting on Thursday evening from Bristol Township Teachers Association. In the letter the teachers requested an increase in salary of \$300 for each of its members for the school year 1949-50.

Figures were shown in the letter comparing the median salary of Bristol township, \$2560, with Bensalem township at \$2831, Bristol borough \$2620, Morrisville \$2768, and Quakertown \$2925. It was stated that these figures were taken from Pennsylvania State Education Association.

The directors pointed out during discussion that the districts mentioned have included in this average high school teachers, who receive a higher rate of pay, while Bristol township does not employ teachers for the 11th and 12th grades. This would naturally make the median salary of Bristol township lower according to the directors.

The directors agreed that unemployment has increased rapidly during the past few months, and if this continues "previous experience has shown that collection of taxes will become more difficult."

The board unanimously decided that before any decision could be made on the teachers' request that a very careful study be made by the finance and budget committee. The board also felt that "the placing of additional burden upon the property owners of the township should be carefully considered as they would no doubt be required to pay this increased expenditure as the \$5 per capita limit has been reached."

Harry Barth presided at the session. Upon motion, the report of the treasurer, James D. Robinson, was accepted and made a part of the record.

Bids were received from five companies on athletic equipment, and awards made to Passon Sports Center, Philadelphia, and Davenport Sport Co., Camden, N. J. The board ordered new fire alarm equipment for Edgely school.

It was reported that four elementary schools are using state subsidized milk program. With this set-up, each bottle of milk used by a child is subsidized two cents.

SATURDAY, MARCH 5, 1949
IMPORTANT "WEEKS"
"Weeks" are being proclaimed in such rapid sequence—frequently three or four in one seven-day period—that the public largely ignores this phenomena. But March 5 to 13 has been designated as National 4-H Week—by the 4-H Clubs, of course—and the observance does seem to have merit.
Because of the importance of 4-H work in the American way of life, this observance should be universal. Directly or indirectly, activities of 4-H clubs have a wholesome influence upon a large segment of the population. It has often been said, and generally admitted, that the 4-H clubs, together with the Future Farmers of America, are doing much to make the farm more attractive and profitable for the younger generation.
In the final analysis, the security of this nation rests upon what is produced from the soil. Food is the nation's first and best line of defense. It is the sole purpose of the 4-H clubs to produce more and better food, to bring progress and advancement in agriculture through intelligent and improved methods.
Whatever support is given by the public is an investment in the youth of the nation which is certain to pay great dividends. Contributing greatly to the economic welfare of the country, 4-H youth ask little and give much. Their importance has been proved so often that universal support, not only through this special observance, but throughout the year, is called for.

KNOWLEDGE OR TOASTERS
Radio networks are on the trail of a breed of American citizens which constitutes a small but vigorous—and unwanted—minority. Studio heads call them "quiz trotters."
Network executives argue that this group, which operates in the highly charged atmosphere of the numerous quiz shows, is non grata because it consists of professionals who are "not interested in the educational and entertainment value of quiz shows, but only have a desire to win valuable prizes."
It is revealed networks are computing a list of the 500 or thereabouts "regulars" who spend their time running from studio to studio, haunting give-away shows, and skimming the cream of the prizes. They are adroit regulation dodgers who will go to any lengths to get on a program.
Studios will use these lists to blackball the "pros" and give others a chance at a toaster or washing machine.
The implication is that when the studios are barred to the venal characters who are only on the lookout for prizes, audiences will consist only of those people who are seeking education and entertainment. A fair test might be to suspend prizes altogether for a period of time.
The numbers of those who attend quiz shows to satisfy a craving for knowledge would quickly become apparent.

Sorosis Considers "Within The Pages of Our Magazines"

LANGHORNE, Mar. 5 — The book club of Langhorne Sorosis, of which Mrs. Lester Ransom is chairwoman, had charge of the Thursday afternoon meeting in the Langhorne library. The general title was "Within the Pages of Our Magazines."

Members considered the type of magazines on the tables in their homes and why they have them there. Mrs. Ransom stated that at one time many judged an individual by the type of magazine in the home. "Today that is not a true way of judging due to the fact many feel they must buy to aid friends, or receive certain magazines as gift subscriptions."

Members discussed magazines in various categories, and told why they like certain ones, such as: Mrs. Herbert Caley, food magazines; Mrs. Edwin Lanning, educational type of magazines; Mrs. Leon Baker, garden magazines (she also reminding of the "education" to be secured from seed catalogues); Mrs. Allen Benedict, hobby magazines; Mrs. Charles Cooley, collectors' magazines; Mrs. George Leitch, comics (the "bad" type); and Mrs. William Noe, comics (the "good" type), also children's magazines.

A member who solicits subscriptions to magazines read an article on the history of magazines and told how in the early days Longfellow, Emerson, Lowell and other writers of that calibre presented articles for publication. Circulation then was listed at 150, while circulation of a "big four" group of magazines today was listed at 15,000,000.

An exhibit of book ends interested club members, with prize for most attractive going to Mrs. Lanning.

On March 17th a "birthday party" will be held, with program built around birthdays of members. Those born in January will present a stunt or skit, and the same will be done by groups observing birthdays in the other months of the year.

Today's Quiet Moment

By the Rev. Charles H. Weller
Pastor
Bristol Methodist Church

When the friends of Jesus saw how He prayed they said, "Lord teach us to pray." . . . Physically they were with Him, actually they were poles apart. He had a secret they did not have. That secret was the secret of prayer that empowers. They failed where He succeeded over and over again. So they asked Him to share the secret of His power, the secret of how to pray. And He taught them to seek the divine presence, the divine will and the divine way for themselves and after that to ask only for the basic things of life—give, forgive, lead and deliver us. In the sincere use of these simple petitions is the secret of Christian living. O Christ help us to pray. Amen.

WARRIORS ENTER SEMI-FINALS BY ONE-SIDED WIN

ABINGTON, Mar. 5.—The Bristol High Warriors entered the semi-finals of the District One P. I. A. A. tournament by burying Conshohocken 41-0 under an avalanche of field goals last night on the Abington High School court. After the spectators were bleary-eyed from watching the Bristol side of the score-board click around, the totals were: Bristol, 65; Conshohocken, 24.

This is the second season that Bristol reached the semi-finals of the tournament. Last year in the opening round, the Warriors beat West Chester and lost to Norristown in the semi-finals. Norristown captured the state championship. Next Thursday night, Bristol will play at the Penn. Palestra, meeting the winner of the Norristown-Radnor game.

To single out any one player as the star of last night's triumph would be an injustice to the rest of the team. The co-operation and spirit of the Warriors was the best exhibited by any Bristol team for many seasons. The team was out for victory and not for any individualism. Passing predominated and the plays were timed to near-perfection.

Not only did the Warriors excel in their passing but the defense set up by Coach Bloom had the Conshohocken team completely baffled. Conshy could do little with the zone defense in the first half, failing to score in the first quarter. In the second half, Coach Bloom's proteges shifted to man-for-man playing and still Conshohocken was tied up in a knot. The losers failed to get many set shots and were shooting from the outside of the zone most of the evening.

Coach Bloom gave his varsity players plenty of rest in the tilt. Had he used his first-string throughout, the score probably would have mounted to the hundred mark. But the second-stringers should not be discredited for they managed to outplay the boys of Harry Fox every minute they were in there.

The Bears failed to score a solitary point in the first quarter, while the Warriors built up a 12-0 lead. Finally after one minute and forty seconds of the second session elapsed, Symanski scored a foul for the losers' first tally. Bristol had 16 points by that time. At the end of the half, Bristol had rolled up 23 points, while Pat Cassinelli had registered two fielders to give Conshohocken 5 points. However, in attempting to stop Sottile, Cassinelli had four personals on him.

With the second stringers going in late in the third period, Bristol's lead swelled to 42-14. In the finale, the Warriors made 23 points, while Conshohocken had 10.

It was "Ducky" DeLong who provided the spark that enabled Bristol to pile up its lead in the first quarter. DeLong was breaking up the Conshy plays and doing some scoring at the same time. He made the first goal of the night when he tapped in Konelaf's miss under the basket. LeRoy fouled Konelaf who converted to make the count, 3-0. Cassinelli intercepted a Bristol pass but missed his lay-up try. Konelaf missed a foul toss but Symanski stepped over the line too soon and Konelaf was given another try. He made good, score being 4-0. LeRoy fouled Sottile who dunked the shot, bringing the score to 5-0. Sottile missed an easy "pigeon" but Cauti took a throw in from Marshall and

passed to Sottile who made the goal. Shortly after, Cauti whipped a fast pass to Konelaf who scored, making the count, 9-0. Sottile missed a shot under the net but DeLong followed it up and made the fielder. After Symanski and Hannum missed field goal opportunities, Sottile was fouled to up the count to 12-0 at the quarter.

Marshall dribbled part-way up the court and saw Sottile open so passed to him for a double-decker. Konelaf's pass to DeLong under the basket was good for another and the count was 16-0. Konelaf fouled Symanski who converted for the Conshohocken first point of the night. Cassinelli followed with a hook shot to cut the lead to 16-3. DeLong dropped in a foul and this was followed by a perfect timing play, Cauti to Marshall to DeLong, which brought the count to 19-3. LeRoy bounced-passed to Cassinelli for the other two Conshohocken points of the half. In the meantime, Rich, who replaced DeLong, had a foul, as did Sottile, and a fine play, Marshall to Konelaf, accounted for another goal to make it 23-5 at half-time.

The storm of field goals continued in the following quarter. Konelaf made a pair of fouls. Cressman was good on a gift shot and Konelaf got two more on a tap-in after Sottile missed. LeRoy's beautiful shot gave Conshy a pair of points but Sottile got them back for Bristol. Hannum scored under the net for Conshohocken, but a fast play, Cauti to Sottile, gave Bristol another field goal. Sottile scored a two-pointer and Konelaf added one of those three-point field goals to raise the count to 37-10. Cressman scored a fielder but Sottile added a foul. Altieri intercepted a pass and dribbled in to score, 38-14. This score rose to 42 on a double-decker by Sottile and Cauti. Sottile and Rich were credited with assists on the play.

Pindar passed to Rich for a twin-pointer to start the final quarter and then Sottile passed to Pindar for a score. After Sottile missed a shot, Rich leaped up and hit the ball through the hoop. On a tap from Rich, Sottile ripped the cords, the score now being 50-14. Sottile added two more and Vandegrift got one back on a foul for Conshohocken. Bowen scored an easy goal and Altieri made two charity tosses. Vandegrift scored a three-point goal to bring the Conshohocken total to 20. Rich made a field goal and free toss and Barbetta followed with a foul. Conelli scored under the basket for the losers. Rich made a field goal and also converted a foul throw. Rich fouled LeRoy, the latter scoring. Barbetta made a field goal. When Rich tossed in two fouls, the Bristol total went up to 65. DeCarlo brought his team's total points to 24 with a foul toss.

Sottile had 21 points in Bristol's win with Konelaf and Rich getting 13 each. Bristol made 17 out of 32 fouls while the losers had 8 out of 28.

Franklin must beat St. Ann's or be eliminated from the playoffs. Franklin has lost seven games this season and eight losses eliminates them for a playoff position. Should Franklin win, however, they will still have a chance of deadlocking either St. Ann's, Hibernians, or Falls Alumni for fifth place.

Franklin A. C. will face its crucial game of the season tomorrow afternoon as it plays St. Ann's A. A. on the Rohm and Haas floor. In the first game of the double-header, the Hibernians meet Rohm & Haas, the latter game beginning at two o'clock.

cut the net for field goals as the quarter ended, 19-14.

Sellersville-Perkasie's edge went up to 22-14 as Moyer made a foul and Parker a two-pointer to begin the last session. Gallagher missed a pair of fouls and Accardi muffed three in a row. These would have been a big help to Bristol. Moyer and Accardi made fouls for their respective teams but Lucenti made his first field goal of the night from side court. Parker's foul made the score 24-18. Hendricks tabbed two more for the ultimate winners, while the final score of the tilt was a twin-pointer by Lucenti.
